

NITRILE GLOVES (Powder Free)

Product Description

Nitrile Gloves, provides dependable protection against oils and chemical solvents and are more puncture resistant than vinyl or latex gloves. It is disposable for easy cleanup and is powder-free which makes it easy to take the gloves on or off.

The full textured gloves ensure a better grip during intense working conditions while the beaded cuffs help provide a secure fit. It is an ambidextrous glove that can be worn on both your left or right hand and are a real find for various applications such as manufacturing, electronics, assembly, laboratories, light shop work, janitorial, painting and maintenance.

- 100% powder-free nitrile, latex-free
- Rolled cuffs allow easy donning/removal, prevents tearing and liquid runoff
- Component materials comply with FDA regulations for food contact ambidextrous
- For industrial use only
- 100 gloves per dispenser, 10 dispensers per case
